Student Sample 8.3

Student Name

History

Topic: The Holocaust

Date

What is the Holocaust?	The systematic killing of 6 mil Jews by Nazis
	· WW2 1938-45
	· others targeted—Gypsies, disabled, Soviet
	pris. of war, etc. up to 1mil+ children!
Why did Hitler hate	Hitler & Nazis = racist
these people?	· German people = master race "the best"
	· Jews, Gypsies, blacks = the inferior p.
	· Nazis persecuted, took away human rts.
How could so many	Killings in open fields before concentration
be killed so fast?	camps built to gas & cremate the bodies system.
	· Dachau was first
	· Auschwitz-Birkenau = largest killing center
Why didn't the Jews	Jews forced to live in ghettos, food withheld,
fight back?	lost strength, tormented, beaten, then killed

Summary—Many years ago the Germans who were Nazis tried to kill all the people they thought were inferior. They were racist and built concentrations camps to make killing them easy and fast. The Jews were courageous but could not fight back after they were beaten and starved.

Student Sample 8.5

Student Name

Algebra

Topic: Slope

Date

What is the definition of?	slope = rise = $\frac{y2-y1}{x2-x1}$ = steepness of line
Slope?	
Find the slope	
(-2,3) (-4,4)	$\frac{4-3}{-4-2} = \frac{1}{-4+2} = \boxed{\frac{1}{2}}$
Find the slope	x y
(-1,-2) (-4,5)	(-1, -2) (-4, 5) $\quad \frac{5-(-2)}{-4-(-1)} = \frac{5+2}{-4+1} = \boxed{\frac{7}{-3}}$
How do you know when a graph has a positive or negative slope?	 Positive slope Rises from left to right  Negative slope Falls from left to right
	 Zero slope Horizontal line y = a  Undefined slope Vertical ine x = a

Summary—Today we learned about slope and that it has different values on a graph. The direction of a line and its position on the graph make it positive or negative. Slope can be zero value or undefined too.
